Department of Health Services Children's Medical Services Network (CMS Net) - Information Bulletin # 14

The November change cycle was successfully completed on November 10, 2001. The following items were included in the update. Please call the CMS Net Help Desk (916) 327-2378 if you have questions.

- 1) Narrative filtering! So fields that do not contain information are not populated into the narrative.
- 2) Correction to the Healthy Families (HFP) management report. Independent counties were unable to print the report.
- 3) Enrollment and Assessment Fee screen will no longer calculate the enrollment fee amount due to discrepancies between Table 1 (Family Size & Annual Income Level Chart) and the CCS Annual Enrollment Fee Schedule. Users will be required to type in the fee after calculating the amount manually. The percentage of Federal Poverty Level (FPL) will continue to be calculated.
- 4) Removal of inoperable management reports: NOA, SC, RS, SC, RD, SG, SA and SS.
- 5) Update to the Aid Code Table
Users can search for Aid Code Descriptions and Share of Cost information using Table Maintenance, on the System Maintenance menu.
